Putting on (donning) personal protective equipment (PPE)

Pre-donning instructions: This is undertaken outside the patient's room.

- Be well hydrated and have taken a toilet break
- Have secured your hair back off your face
- Have removed all jewellery including earrings
- Do not bring mobile phones/bleeps into an isolation area
- Be bare below the elbows

PERFORM HAND HYGIENE BEFORE PUTTING ON PPE

- 1** Put on the long-sleeved fluid repellent disposable gown

- 2** Put on the face mask, surgical or FFP2, remember to fit check the FFP2 mask every time.

[CLICK HERE FOR FIT CHECK GUIDE!](#)

- 3** Eye protection - always required for AGP. In all other situations risk assess the requirement.

- 4** Gloves should cover the cuff of the gown.
